

Revised July 22, 2020

Texas Society of Oral and Maxillofacial Surgeons

PPE Vendor Supply List

The TSOMS makes this vendor list available to its members who are seeking PPE supplies during the current COVID-19 pandemic. These vendors have advised us that they have the listed supplies available for purchase. The TSOMS neither endorses, certifies, nor recommends the companies or the products they offer. TSOMS members are urged to exercise due diligence before purchasing supplies from any vendor.

This list will be updated as the TSOMS is advised of additional vendors and suppliers with available PPE products for the oral and maxillofacial surgery community.

 envo[®] mask

envomask.com

603-314-8180

Manufactured by Sleepnet Corporation, a leading manufacturer of sleep apnea and non-invasive ventilation masks, The envo[®] mask is a reusable N95 respirator mask used in trades, industrial environments, and many other NIOSH N95 rated applications. Those who have used the envo mask say it offers a soft and comfortable, superior, formfitting base seal that does not fog glasses and does not require frequent filter changes – thereby providing cost savings.

Cost:

Envo Mask: \$79.00

Box of 100 Filters: \$220

Ecoloxtech Eco One Electrolyzed Water System (Hypochlorous Acid (HOCl) Generator)

<https://store.ecoloxtech.com>

102 NW 22nd Ave.

Miami, FL 33125

954-900-6070

Recommended by TSOMS Member Omel Cardenas, DDS, Harlingen, TX, Hypochlorous Acid (HOCl) is listed on the [Environmental Protection Agency's List N, Disinfectants for Use Against COVID-19](#). When used with an electrolyzed water system, such as Ecoloxtech's Eco One, HOCl is a powerful oxidant that is effective against invading bacteria, fungi and viruses. Dr. Cardenas uses the system to disinfect an operatory in which an aerosol creating device has been used.

Cost of Ecoloxtech Eco One Electrolyzed Water System: \$259.99
